Confirmation of occupational accidents and diseases insurance for students

Policyholder Helsingin yliopisto

Policy code 78-20000-06870-8

Insurance period 1.1.2022 - 31.12.2022

We hereby confirm that the policyholder has a valid insurance policy in accordance with the Act on occupational accidents and diseases (459/2015). The policy also covers injury or disease caused in study related circumstances that can be considered as work (Act 460/2015).

A precondition for compensation is that the accident has happened in circumstances typical for studies when a person has participated in practical studies, on-the-job training, practical training or in basic education during a job shadowing period on a site designated by the educational institution or other education or schooling provider or taken a test for a competence-based qualification as a part of an education plan or examination.

Compensation will be paid also for an accident that has happened during transfer between an educational institute or apartment and a site for on-the-job training, job shadowing, practical training or practical studies or for taking a test for a competence-based qualification designated by the educational institution or other education or schooling provider.

Best regards
