**Finnish 1A (period I)**  
**Finnish 1B (period II)**

The topics of the course range from introducing and telling about oneself to greetings, family, food, shopping, weather and telling the time. The topics also include daily activities, living, transport and the immediate surroundings. The course includes exercises on everyday conversations. The aim is to introduce students not only to the basic structures of Finnish (verb types, noun types, locative cases, consonant gradation), but also to the Finnish way of life. Regular class attendance (over 80%) is highly recommended. The course will be assessed on a scale of 0–5. The assessment will be based on a final examination and possible course tasks, as well as on participation during the course.
