

Finnish 2A (3 ECTS) + Finnish 2B (2 ECTS)

The course meets twice a week, in addition to which students will be responsible for a large amount of homework. The course deals with everyday topics including the immediate surroundings and describing one's life and past, and it includes exercises of everyday conversations. The aim is also to familiarise the student with the following basic structures of the Finnish language: simple past, object case marking and some infinite verb forms.

Regular class attendance (over 80%) is highly recommended. **The course will be assessed** on a scale of 0–5. The assessment will be based on a final examination and possible course tasks, as well as on participation during the course.
