- The first LA is a preliminary study plan, you can make changes to it after you start your exchange.

 - Compulsory courses you're hoping to substitute require you to contact the responsible teacher at the University of Helsinki beforehand.

LANGUAGE CERTIFICATES

- The host university determines the language requirements
 - i.e. even if UH has accepted a B1 level certificate, the host university may have a higher requirement (B2 is the most common)

FUNDING YOUR EXCHANGE STUDIES

- An exchange based on an agreement is tuition-free at the host university (does not exempt you from tuition fee to UH).
- It is important to carefully plan and budget your expenses for your exchange, as there may be additional costs such as insurance, vaccinations, language exams, and higher costs of living in certain countries.
- If you are entitled to [KELA](#) student benefits, you may still receive them during your exchange by informing Kela about your studies abroad. See the [Kela site](#) for more information.
- You can also apply for other scholarships or travel grants from, for example, foundations or organisations.
- Inflation rates high in many countries. Flights more expensive than before.
- Finding affordable accommodation may be a challenge in some destinations.

 - The Nordplus grant is sometimes paid by a specific Nordplus Network. You will receive information on how to apply for the Nordplus grant if this applies to you.
- Swiss Mobility grant: Paid by Swiss government
- Read more about [funding for exchange](#).

ERASMUS SCHOLARSHIPS

- Grant is daily based (16 € or 18 € / day)
- Minimum duration of exchange 2 months, cannot be shorter than that.
- Green travel for example bicycle, train, bus and carpooling, however not ferry travel, max 6 travel days in total (3 before and 3 after the mobility), plus a higher travel grant.
- [Fewer opportunities top-up grant](#): 250 € extra per month e.g. family allowance (children must be under 18 years old), disabilities, refugee status. Please see our page for further information.
- → Let us know if you are taking your family with you, or if you have [special needs](#) because of a disability.

ERASMUS GRANT AND YOUR STUDY LEVEL

- You can do several exchanges. The maximum duration of an Erasmus exchange (studying or a traineeship) is 12 months at each degree level (Bachelor's, Master's and doctoral studies).
- Your study level for the exchange is determined by the level you are at the University of Helsinki on the date your exchange starts.

► Notify us as soon as you graduate before your exchange!

STUDENT EXCHANGE CERTIFICATE

- The student exchange certificate includes the name of the exchange programme, the host university, the duration of the exchange, the amount of the grant, and that the exchange is a part of your degree programme at the University of Helsinki.
- ***NB! It is not a letter of acceptance from your host university!***
- If you are eligible for Kela funding, you will need to provide a copy of the student exchange certificate to them.
- Take the student exchange certificate with you to your destination. You may e.g. need it at the border.
- You will receive the certificate by e-mail approximately two months before your exchange begins from studentexchange@helsinki.fi.

STUDENT EXCHANGE TERMS AND CONDITIONS

By accepting the Student Exchange Terms and Conditions, you agree:

- To study full-time and to complete academic studies of at least 5 ECTS per full calendar month.
- To study within the period stated in your student exchange certificate
- If you shorten or cancel your exchange you will need to pay back a part of the grant, or all of it.
 - Your exchange includes the orientation, participation in courses and the first exams (excluding re-take exams)
 - The duration of the exchange will be checked from your "Confirmation of Stay" / "Letter of Confirmation form"
- If you fail to complete the required number of credits at your host university, you may be required to return a part of the grant. The number of credits will be verified by us from your exchange transcript.
- It is strongly recommended to take the OLS language test before your exchange (for Erasmus),
- It is obligatory to answer the EU Survey (for Erasmus exchanges).

 - STUDENT EXCHANGE CERTIFICATE
- MOBILITY GRANT AND THE TERMS OF THE GRANT

ERASMUS: OLS PLACEMENT TEST

- The [Online Linguistic Support](#) (OLS) language placement tests are **strongly recommended both before and after your Erasmus exchange**.
- The test is a good way to confirm your language level and to measure the progress you make during your exchange.
- Only you will see your test results. The results do not affect your selection to the target university.
- The test evaluates your language proficiency level based on the Common European Framework of Reference for Languages (CEFR).
- The free online [language course](#) (available for some languages) is a great opportunity for you to practice your language skills.
- Please find detailed information here [on OLS language testing and the language courses](#).

IMPROVE YOUR LANGUAGE SKILLS

Good language skills help you in your exchange studies – even basic level knowledge of the local language will help you in many ways.

- Participate in the language courses of the [Language Centre](#). Also self-study options.
- The Faculty of Arts offers [language courses](#) as optional studies.
- Read local newspapers and follow the local media in the teaching language of your exchange.
- Try language learning applications, such as Duolingo.

INSURANCE

- Check the coverage of your travel insurance.
- Make sure you are covered for the entire duration of your exchange and that potential cancellations and crisis situations are covered before booking your flights.
- The required coverage may vary depending on your destination
 - make sure to check the specifics before purchasing.
- UH provides in some cases accident insurance for study-related accidents.
- Ask for prices from Finnish insurance companies and International insurance companies
 - you can find a list of international insurance companies that sell student insurance here: <https://migri.fi/en/insurance>
- If you are a European citizen, request a [European Health Insurance Card](#) (EHIC) from Kela in good time.
 - With the EHIC, you will receive medically necessary treatment on the same terms and for the same fee as local residents but it does not cover the costs of returning to Finland in the event of a serious illness or accident. For this reason, it is essential to purchase a comprehensive travel insurance policy.

HOW DO I FIND ACCOMMODATION?

Some universities offer help in finding an accommodation:

- Fill in the "housing application" form if available
- Follow deadlines and instructions
- Pay the deposit on time
- You may need to pay your rent in advance
- You may be asked to sign a fixed-term agreement.
- Don't sign any agreements before you receive an acceptance letter from your host university!

Make use of:

- tips and advice from students who have already been on exchange at that university (exchange stories).
- different sources of information; family and friends, acquaintances, local advertisements, online platforms, Facebook groups, other social media etc.

Private Market:

- Always ask for a written rental agreement.
- If you can, find someone local to go through the agreement with you.
- Find out what is included in the rental agreement.
- Find out your rights for terminating the agreement (when can you terminate it at the earliest and how?)
- Be aware of fraud!

It is advisable to take care of your accommodation before starting your studies so that you can focus on studying properly. If necessary, book temporary accommodation in advance.

DON'T DESPAIR!
