BEFORE THE EXCHANGE 1/2

Checklist: [Before your exchange - instructions for those chosen for student exchange](#)

After receiving the letter of acceptance / e-mail from the host university, **remember to update the exchange time** (start and end date of the exchange) in the Mobility Online system (Erasmus +) OR send the information by e-mail to studentexchange@helsinki.fi (Nordplus, SEMP or if not successful in Erasmus) -> Your grant amount depends on this!

NB: Orientation and first round of exams are included in your exchange time, not re-sit exams etc.

Accept the terms of the grant in Mobility Online no later than 2 months before the exchange. However, wait until you can specify the exchange dates first. Fill in your IBAN bank account information to receive the grant.

BEFORE THE EXCHANGE 2/2

- **Student Exchange Certificate** = The exchange certificate is an official document that includes the name of your exchange programme and the time of the exchange. It states that the exchange is part of your degree.
 - After updating the exchange dates and accepting the terms of the grant.
 - Kela provides an exchange grant for the period specified in the exchange certificate.
- Erasmus students are highly recommended to take the OLS language test before exchange. Instructions are found on our [website](#) and a reminder will also be emailed to you soon. → Possibility for an online language course.

- A PDF version of the LA can be printed out from Mobility Online if needed
- UH signs the OLA within one week for the coming academic term -> OLA transfers to host university

INSURANCE

- Purchase a comprehensive insurance policy for the duration of your student exchange or international traineeship! The required insurance coverage depends on your destination.
- Acquire a comprehensive travel insurance already before purchasing airline tickets and other payments related to exchange costs. When buying insurance, also check the crisis coverage provided by the insurance.
- The University of Helsinki provides an accident insurance for outgoing exchange students – valid only at the university premises and on your ways to and from -> **own travel insurance necessary for free time!**
- We recommend asking for an offer from your own insurance company or from other Finnish insurance companies. You can also ask offers from International insurance companies - please find a list of international insurance companies that sell student insurance here: <https://migri.fi/en/insurance>

EUROPEAN HEALTH INSURANCE CARD

- If you are a European citizen traveling to EU/EEA country, Switzerland or UK, request a [European Health Insurance Card](#) (EHIC) from Kela in good time.
- With the EHIC, you receive medically necessary treatment in the host country with the same price as locals.
- The EHIC does not cover the costs of returning to Finland due to, for example, a serious illness or accident, so you should also purchase a comprehensive travel insurance policy.

FUNDING YOUR EXCHANGE STUDIES

- An exchange based on an agreement is tuition-free at the host university (does not exempt from tuition fee to UH).
- However, keep in mind other expenses such as: insurance, possible vaccinations, language certificates, etc.

COURSE FOR STUDENTS GOING ON EXCHANGE TO AUTHORITARIAN OR ILLIBERAL COUNTRIES

- It is essential to recognize that each nation's academic landscape varies significantly. As you prepare to embark on your academic journey abroad, understanding these differences becomes paramount.
- This course caters to students (and staff members) who are venturing to countries with distinct political and legal systems. Its purpose is twofold: first, to equip you with essential knowledge relevant to your destination, and second, to provide additional resources for further exploration.
- **New mini-course open on the [DigiCampus platform](#)** (Academic visit to an authoritarian country)
- The course has been developed in collaboration between the UH and the University of Turku

HOW DO I FIND ACCOMMODATION?

Some universities offer help in finding an accommodation:

- Fill in their "housing application" form
- Follow deadlines and instructions
- Pay the deposit in time
- You may need to pay your rent in advance
- You may be asked to sign a fixed-term agreement.
- Don't sign any agreements before you receive an acceptance letter from your host university!

Make use of:

- tips and advice from students who have already been on exchange at that university.
- different sources of information; family and friends, acquaintances, local advertisements, online platforms, Facebook groups, social media, etc.

Private Market:

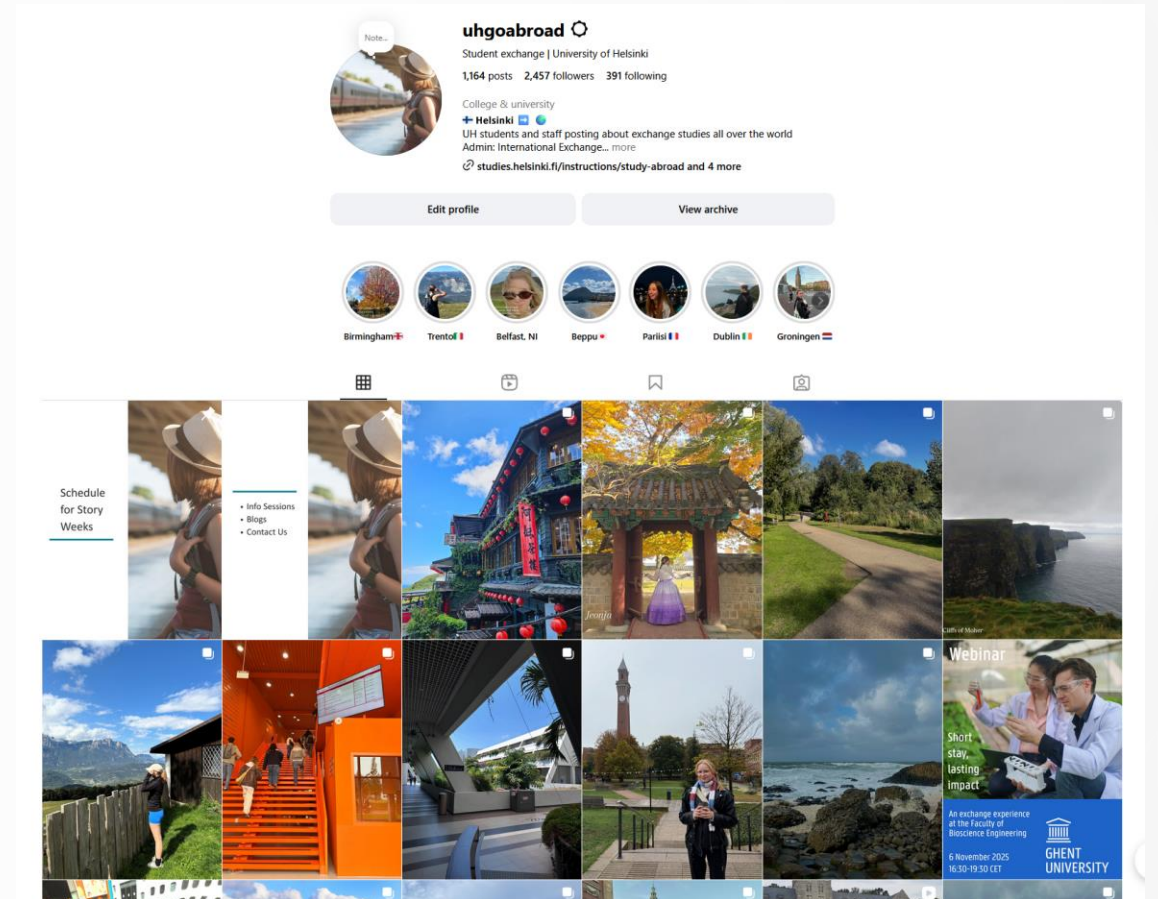

- Always ask for a written rental agreement.
- If you can, find someone local to go through the agreement with you.
- Find out what is included in the rental agreement.
- Find out your rights for terminating the agreement (when can you terminate it at the earliest and how?)
- Be aware of fraud! Don't sign any agreements before seeing the apartment.

It is advisable to take care of your accommodation before starting your studies so that you can focus on studying properly. If necessary, book temporary accommodation in advance.

PART 2: ABROAD

FEELINGS DURING THE EXCHANGE

COMMUNICATION AND SELF-REFLECTION:

You will get to know your destination thoroughly, but what about where you come from and who you are?

- Know your country - where are you coming from? What is your own cultural background? What types of thinking patterns do you have? What do you think of Finns?
- Know yourself – What are your hopes and dreams? What are you nervous about? How do you deal with changes? What would help when you are feeling homesick?

STUDYING ABROAD: PART 1

- Be prepared to change your learning agreement, follow the instructions from the university closely.
- Notice that retaking exams may not be possible during your exchange.
- If you have problems with your studies:
 - The language or difficulty of the course are not acceptable reasons to drop a class and fall behind on the 5 cr / month goal.
 - Always contact your host & home university's coordinator if something unexpected happens.
- Try to be prepared for problems and make arrangements ahead of time.
- You can read more about [changes during the exchange](#)
- Students should complete exchange studies at their host university and only the ECTS completed at the host university are counted as part of the exchange. Some programmes at UH might require you to take courses from UH during the exchange.
