

# Structure of the Master's Programme in Microbiology and Microbial Biotechnology, 120 credits

Mandatory (or equivalent) if not included in Bachelor's degree (0-13 cr):

MOLE-103A+B or MMB-105; ETK-221, MOLE-213

Personal Study Plan (PSP) and student feedback

Choose at least one of the following MMB-modules or according to PSP:

MMB-200  
Environmental  
microbiology

15-45 cr

MMB-300  
Food microbiol.  
and biotechn.

15-45 cr

MMB-400  
Medical  
microbiology

20-45 cr

MMB-500  
Microbial  
biotechnology

15-45 cr

MMB-600  
Microbiology

15-45 cr

MMB-700  
Mycology

15-45 cr

MMB-800  
Virology

15-45 cr

Other studies,  
60 credits

+ other studies to fulfill 60 cr (can be also another module)
