

Model timing

Curriculum 2026–2030

Master's Programme in Changing Education (120 credits)

Model timing is a plan for the distribution of studies included in the degree structure across teaching periods. By following the model timing, you can avoid overlaps in mandatory courses and complete your studies within the target timeframe.

1. year Master's Programme in Changing Education

* The course has multiple possible completion times, and the student can choose the time that suits them best.
