

#### **REGISTRATION FORM: STUDY MODULES**

Study modules are, as a rule, registered directly in Sisu. Once all the required studies show as completed in the study plan, the doctoral researcher applies for module approval in Sisu.

This form can be used for registration of study modules in situations where the doctoral researcher has completed all the required doctoral studies, but adding them to the personal study plan is for some reason difficult.

<u>Doctoral researcher</u>: Pre-complete the form and send it to the person responsible\* for approval of the module (usually your supervisor or coordinating academic).

<u>Approver</u>: After checking that the information provided on the form is correct, please send the form to <u>arviointi@helsinki.fi</u> for registration.

N.B. Studies completed more than 10 years ago cannot be included in study modules. The maximum total scope of the two study modules is 45 ECTS.

DOCTORAL RESEARCHER				
Surname/Last name	First name(s)
