Implementation plan for the master's thesis: place of completion for the thesis, its background and objectives, material and methods, schedule
--

--

SUPERVISION DUTIES

Primary master's thesis supervisor (name, academic title, organisation and contact details, including street address, telephone number and email address)

Other supervisor/supervisors and their contact details (name, academic and/or job title, organisation and contact details, including street address, telephone number and email address for each individual)

Focus areas or duties of each supervisor, if any

OBJECTIVES AND SCHEDULING

Student's estimate of the working hours allocated to thesis work (e.g., hours per day, week or month)

Jointly set interim objectives, if any

Frequency of meetings, means of communication and time allocated to discussion

EXPECTATIONS AND LEARNING OUTCOMES OF THE SUPERVISOR AND THE STUDENT

Supervisor's expectations for the student

Student's expectations for the supervisor

The supervisor and the student have discussed the objectives of the thesis.

The ethical principles of the University of Helsinki have been taken into consideration in the master's thesis plan and its implementation, and they have been discussed with the supervisor.
If the thesis includes or may include research work or procedures that fall under the scope of legislation on the use of animals for experimental purposes, both these and the studies in laboratory animal science completed by the student must be described here or in a separate appendix.

The plan is valid until _____.
