This thesis includes a 10/15 cr Research project (CHEMO: KEM422/KEM412; MATRES: MATR344/MATR363).

Area of grading	1. Assignment and content of the thesis					2. Structure of the thesis and quality of presentation					3. The work processes				
	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5
Grade	Passable		Good		Excellent	Passable		Good		Excellent	Passable		Good		Excellent

The final grade of the thesis (0-5) will not necessarily be the average of the grading areas. Detailed grading grounds can be found in the evaluation matrix.

Please also provide a brief report supporting the above grading. You can either use the space on the second page of this form for the report, or submit it in a separate file. In particular, extreme grades (0,1 and 5) need to be clearly justified in the report.
