Professor Fred Stoddard: What is it like to be a Foreigner in Finland?

- Student organizations introductions (ESN, MMYL, YFK and Biosfääri)

GETTING STARTED WITH USING SERVICES: INSTRUCTIONS AND DIGITAL SERVICES

Orientation and tutors are your first point of contact with the University's support and guidance services:

During the summer, you have received newsletters guiding you in the most important initial steps.

During orientation week, University staff and your tutor will help you familiarise yourself with the services and find the right support.

Don't stress: we don't expect you to remember everything you hear this week. The University has loads of services and people supporting you from your fresher year all the way to graduation. ❤️

The quickest help for the minor problems new students may face are instructions and digital services:

You can find answers to most questions from **Studies Service instructions** (studies.helsinki.fi/instructions).

The instructions also include self-study materials and practical tips for studying.

Another source of readily available advice is **HelsinkiUni Help's AI-helper**, which retrieves information from multiple University online services (uni-help.helsinki.fi/en).

The instructions and AI-helper are there to assist you every hour of every day of the year. 🤖

HELSINKIUNI HELP LEADS YOU TO ANSWERS

HelsinkiUni Help is the University's advice service you can contact on any matter at all. You can find HelsinkiUni Help both online and on campus.

In the HelsinkiUni Help digital service, you can

Search for content with AI-helper

Chat with our specialists every weekday from 9.00 to 15.00.

Submit a service request (you will receive an answer by email)

The digital service is available at:

uni-help.helsinki.fi

At the HelsinkiUni Help service points you can

Visit when you need face-to-face service.

Collect certificates and other documents (certificates of study, meal-subsidy cards, annual stickers for student cards, etc.).

Each campus has its own service point.

Viikki UniHelp service point in Infocenter open from 9.00 to 15.00

ALWAYS START WITH HELSINKIUNI HELP

HelsinkiUni Help is not only a general advice service but a gateway to all the University's support and advice services.

Questions pertaining to all students (technical Sisu questions, student benefits, degree language and communication studies, etc.) are usually answered directly at HelsinkiUni Help.

If necessary, HelsinkiUni Help staff will refer your question to the correct service.

In other words, you can **always contact HelsinkiUni Help** when you need advice – the service allows you to reach all our specialists, from degree programme advice to international services.

HELSINKI UNI HELP

WHERE TO LOOK FOR INFORMATION?

ALL ABOUT STUDYING!

The Studies Service collects in one place the most important services and contents for students and anyone interested in studying.

Bulletin | 11/8/2026

Annual registration for academic year 2026–2027 ends on August 31

Annual registration is no small deal, so make sure you take care of it in good time. If you are a basic degree student, remember to also pay the student healthcare fee.
